School Climate Surveys

We want to hear from you! An anonymous school survey will be available beginning November 20 until December 1, 2017 for parents, staff, and students. It is a voluntary survey that allows you to provide your thoughts and opinions about your school. Your feedback will help us:

- Assess perceptions of safety
- Make informed planning decisions about programs to help prevent bullying and promote safe and inclusive schools
- Determine the effectiveness of our programs
- Build and sustain a positive school climate

Our families play a key role in contributing to a positive school environment. Your feedback will help us make practical improvements and strengthen the overall learning and behaviour in our school.

Click here to access the link!
